"I had the pleasure of working with Izzy as part of my team at Dialect, and I can't recommend her highly enough. Not only is she a talented video producer with a great understanding of social video content and what resonates with audiences, but she's also a fantastic person to work alongside. Professionally, Izzy brings creativity, insight, and a strong work ethic to every project. Personally, she's someone I genuinely enjoyed collaborating with, positive, thoughtful, and a real team player. Any team would be lucky to have her."

### **JACK MCHENRY, DIALECT**

"I worked with Izzy at Dialect and she's one of the most talented producers I've come across. She's super conscientious, has a great eye, and is incredibly detail oriented – nothing slips past her. She follows a brief to the letter but still brings loads of creativity and inventiveness to every project. Izzy is self-driven, adaptable, and just gets things done without a fuss. When problems pop up (as they always do), she stays cool and finds smart solutions straight away. Izzy would be an asset to any production team – can't recommend her enough!"

### **OXFORD DIGITAL MEDIA**

"Izzy has a wonderful attitude towards working and handled everything we threw at her with ease. She added creativity to her projects to bring them alive.

Despite her long commute, she was always on time. Izzy is a polite person with a great 'can do' attitude and passionate about the work she produces and goes out of her way to train in the most up-to-date video editing techniques.

Izzy was a valued member of our team and I wish her all the best in her future endeavours!"
